Product Guide

Z18

The Z18 is a feature-rich timekeeping solution that offers employers a wide variety of valuable labor management technologies through a practical timekeeping device.

The Z18 delivers superior value and features with its integration of timekeeping and universal proximity badge card access. It connects to the Web in real-time (Ethernet) and offers additional value in its ability to support a "bell chime" and biometric employee identification with PrintReader.

Features

- Universal proximity badge
- PrintReader biometric compatible
- Hand geometry scan compatible
- External bell support

- PIN Entry
- Pro wall mount
- Instant feedback
- WebClock optional

Solution

The Z18 is primarily chosen by employers for its universal proximity badge support allowing for the integration of a time clock with the building's existing proximity system.

Universal 3rd-Party Proximity Reader

Multi-Use Clock

To use the Z18 with your existing proximity badge cards a Wiegand-compatible external card reader must be purchased from a third-party source, such as your corporate property management group or contracted security vendor.
